Product Identification:

Common Name: AdjuLite Freund's Complete Adjuvant
 Synonym: Not available.
 Manufactured by: Pacific Immunology Corp.
 1672 Main Street
 Suite E 171
 Ramona, Ca 92065

Composition, Information on Ingredients: CAS# none. No hazardous ingredients.

Hazards Identification: Physical State and Appearance Amber liquid, turns milky when emulsified with antigen.
 Specific chronic or acute health effects not available.
 Repeated or prolonged exposure is not known to aggravate medical condition.

First Aid Measures: Skin contact: In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention.
 Eye contact: Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention.
 Ingestion: Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately. Loosen tight clothing such as a collar, tie, belt, or waistband.
 Inhalation: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

Fire Extinguishing Measures: Fire fighting media Carbon dioxide, dry chemical powder or extinguishing foam.
 Wear certified, approved respirator and protective clothing to prevent contact with skin and eyes.

Accidental Release Measures: Wear gloves and protective clothing. Absorb with an inert material and deposit in an appropriate waste disposal container. Ventilate spill area and wash affected surfaces.

Handling and Storage: Keep container tightly closed, store refrigerated (2-8°C), avoid breathing vapors or spray mists.

Exposure Controls / Personal Protection: Lab coat, gloves, and safety glasses should be worn.
 Use mechanical exhaust systems to provide adequate ventilation.

Physical and Chemical Properties: Clear, odorless amber liquid/oil. Becomes milky when mixed with antigen.

Stability and Reactivity: The product is stable. Hazardous polymerization will not occur.
 Hazardous decomposition products and incompatibilities not available.

Toxicological Information: No other specific information regarding toxic effects of this material is available.

Ecological Information: No data yet available.

Disposal Considerations: Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

Transport Information: Not controlled under US DOT, European ADR, IMDG, or IATA. No applicable special provisions for transport.

Regulatory Information: Not controlled under US HCS Classification.
